

1 Eltako FSG71/1-10V – dimmer voltage depending on dimmer percents

The conversion between dimming value and voltage of the control output is not linear, below is a measured characteristic.

Input %	Output V
0	0,91
10	0,94
20	1,49
30	2,24
40	3,04
50	3,86
60	4,72
70	5,63
80	6,65
90	8,01
100	9,85
